It is our goal to provide children with the opportunity to learn about God through a wide variety of experiences. Each year children participate in VBS, Summer Camps, Harvest Festival, Children's Choir, AWANA's, His Kidz and Bible Drill as well as many other Activities.

Valley Grove wants you to know how much we love your children and how we desire to see learn about Jesus. We want them to learn how to have a relationship with Him as their Lord and Savior. Our desire is to help parents instill the Word of God into your children and help them grow spiritually, mentally, physically and socially. We have excellent children's Bible study teachers, AWANA's teachers, His Kidz leaders and Choir teachers. We are here for you as a parent.

We also have an excellent child care program to take care of the needs of your infants and toddlers. This allows you to attend events knowing that your children are safe and well cared for.

All workers with children in our church go through training and have a background check performed before they work with children.

Jesus said,
 "Let the little
 children come
 to me for of such
 is the Kingdom of heaven"
